

Index to Volume 57 — 1950

Key to abbreviations: (ab) Abstract; (dp) Diagnostic Pointer; (ds) Diagnostic Suggestions; (ed) Editorial; (tt) Thumbail Therapeutic; (ts) Therapeutic Suggestion; (gc) Graduate Course; (cn) Clinical Note; (ps) Pictorial Section; (pp) Problem in Practice; (cc) Clinico-pathologic Conference.

	Page		Page
A		virus pneumonia or (pp)	137
ABDOMINAL pain and rectal bleeding (dp) 16		CARCINOMA of the female breast (tt) ..	78
ABSCCESS (see page 90)		CARDIAC diagnosis, value of the	
Fistula and the anococcygeal triangle.—		stethoscope in (pp)	14
F. D. Stanton, M.D.	165	CAROTID SINUS syncope or fainting (tt) ..	78
ACHING joints (dp)	16	CEREBRAL hemorrhage (dp)	79
ACNE, treatment of (cn)	32, 138	CERVICAL rib (ds)	218
ACTH and cortisone.—Wm. Grant		CERVIX, an infected, symptoms of (pp) ..	95
Lewi, M.D.	170	CESARIAN, fundal, for placenta previa (tt) ..	17
ACUTE ABDOMEN, the	80, 73, 93	CHOLESTEROL metabolism, clinical	
ADHESIONS, intra-abdominal		aspects of.—E. H. Stokes, M.D.	23
(see page 152)		CIRCUMCISION (ts)	221
ALCOHOLISM	219	CLINICO-PATHOLOGICAL CONFER-	
ALLERGIC patient, educating your (pp) 117		ENCE No. 23	8
AMEBIASIS, the diagnosis of.—		COLON, obstruction of the (see page 49)	
Lt. Col. R. W. Mendelson	85	COLOSTOMY, the patient with a (pp)	134
AMEBIC COLITIS (see page 86)		CORNEA, scarred (pp)	13
AMENTIA or dementia? (dp)	79	CORTISONE, aeth and.—Wm. Grant	
ANEMIA, iron-deficiency (pp)	57	Lewi, M.D.	170
pernicious, present day treatment of (pp) 11			
transfusions for (tt)	138	D	
ANGINA PECTORIS (tt)	178	DEAFNESS (ts)	221
the diagnosis of (pp)	10	DEATH, sudden, in infants (tt)	56
hypoglycemia and (dp)	100	DIABETES MELLITUS (see page 25) (pp) ..	35
ANKLE sprain (tt)	178	DIABETIC COMA, sodium therapy	
ANOCOCYGEAL triangle (see page 165)		deaths in (dp)	160
ANTIBIOTIC and sulfonamide therapy (tt) 119		DIAGNOSIS, cardiac, value of the	
ANXIETY, normal and abnormal (dn) ...	177	stethoscope in (pp)	14
APPENDICEAL abscess (see page 168)		of angina pectoris (pp)	10
APPENDIX, ruptured (see page 130)		without symptoms (ed)	129
ARTHRITIS (see page 6 and 16)		DIAGNOSTIC CENTER, the physician's	
ATOMIC BOMB effects (ed)—		office as a.—R. L. Gorrell	113
F. R. Stearns, M.D.	207	DIARRHEA, chronic (dp)	120
AUREOMYCIN in acute brucellosis.—		simple, treatment of (tt)	60
J. P. Campbell, M.D.	127	DIET (see page 69)	
present uses (pp)	11	DIPHThERIA sensitivity (Notes from the	
		1949 AMA Meeting).—	
B		R. L. Gorrell	7
BACK PAIN (see page 7)		DIZZINESS and brain symptoms,	
BACTERIOLOGY of eye infections (cn) 69		treatment of (pp)	55
BILIARY TRACT surgery, penicillin in (pp) 36		and mental confusion, undiagnosed	
BLEEDING diseases	118	weakness (dp)	16
uterine (dp)	139	DOES a medical journal help you? (ed) ..	94
BLOCK, Marcus T.—Vitamin E. Therapy 112		DO SOMETHING DOCTOR (ed)	63
BLOOD disorders, newer treatment of (pp) 99		DRUGS, new (pp)	98
BODY as a machine (ed)	164	DYSMENORRHEA, INCREASING	
BONE enlargement (pp)	94	(dp) (ts)	139, 223
following trauma.—J. F. Brailsford, M.D. 150		DYSPNEA, extreme, and "pneumonia"	
BOWEL, small, obstruction (ds)	219	in infants (pp)	54
BRAILSford, J. F.—Bone enlargement			
following trauma	150	E	
Osteoclastoma	132	ECZEMA plus vaccination (tt)	179
Sarcoma	67	EDEMA, slow pulse and (dp)	139
BREAST (see page 78)		EPIGASTRIC pain, increased by	
disorders, functional (ts)	221	exertion (tt)	17
BRECH DELIVERY, cautions in (Notes		EPILEPSY (dp)	220, 176
from the 1949 AMA Meeting—		EPITHELIZATION, continuous, in large	
R. L. Gorrell	7	denuded areas.—J. F. Sheehan,	
BRIGHTS DISEASE (see page 25)		Prof., W. A. Swanker, M.D.	3
BRUCELLOSIS, acute, aureomycin in.—		ERGOTAMINE injection, dangers of	
J. P. Campbell, M.D.	127	(Notes from the 1949 AMA Meet-	
BUFFERED ASPIRIN (pp)	98	ing)—R. L. Gorrell	7
BURNS, chemical, of the eye (tt)	119	ESTROGEN HORMONE creams.—	
		J. H. Morton, M.D.	51
C		FACIAL or ocular palsy (dp)	139
CAMPBELL, J. P.—Aureomycin in acute		FAINTING (see page 78)	
brucellosis	127	FEVER (dp)	16
CANCER, breast (pp)	85	EYE infections, bacteriology of (cn) ...	68
breast, advanced, hormone therapy		removal of foreign bodies in the (pp) ..	39
for (tt)	119		

INDEX

	F	Page
bone pain and hemorrhage (dp)	177	
chart (see page 127)	177	
versus normal body temperature (pp)	177	
vomiting, convulsion,s irritability in infants (dp)	61	
FIBROIDS, telling the patient about (ed)	21	
FOLLICULAR tonsillitis or diphtheria (dp)	61	
FRACTURES in infants and children.— R. L. Gorrell, M.D.	131	
old, undiagnosed (pp)	99	
FUNDAL cesarian for placenta previa (tt)	17	
FURUNCLES due to scabies (dp)	61	
	G	
GALLBLADDER disease, heart complications due to (dp)	79	
GENETICS, principles of.—W. S. Anderson	209	
GOITER, heart symptoms with (dp)	139	
GONORRHEA, prevention of, with oral penicillin (tt)	119	
GORRELL, R. L.—Fractures in infants and children	131	
pediatric surgery	197	
the physician's office as a diagnostic center	113	
GOUT (notes from the 1949 AMA Meeting)—R. L. Gorrell	6	
GRANULOMA (see page 92)		
GRAFTING (see page 3)		
	H	
HAND injuries (pp)	74	
HEAD injuries, what to do for (pp)	100	
in the child (dp)	97	
HEARTBURN (pp)	79	
HEART complications due to gallbladder disease (dp)	120	
size (dp)	60	
HEMATOGEOUS OSTEOMYELITIS, in children (tt)	79	
HEMORRHAGE, cerebral (dp)	13	
HEPATIC and biliary tract diseases (see page 25)	6	
HERNIA in children (see page 108)	6	
patients, postoperative: ambulatory? (pp)	13	
sliding (dp)	7	
HE who wins need not explain (ed)	6	
HICCUPS, quinine sulfate in (tt)	7	
treatment of (pp)	13	
HIRSCHSPRUNG's disease (pp)	18	
HISTIOPLASMOSES (tt)	6	
vs. tuberculosis (cn)	14	
HOW to make the public question and dislike you (ed)	8	
to manage patients (ed)	17	
HYPERCHOLESTEROLEMIA (see page 24)	7	
HYPERPLASIA, PROSTATIC (pp)	21	
HYPERTENSION (dp)	22	
acute, veratrum viride for (tt)	13	
complications of the low-sodium diet for.—S. Friedenber, M.D.	10	
HYPERTHYROIDISM (ts)	13	
estrogen treatment of (tt)	13	
HYPOGLYCEMIA, angina pectoris and (dp)	10	
HYPOGONADISM in childhood (dp)	13	
HYPOHYDRATION for poliomyelitis (cn)	10	
HYPOMASTIA (see page 52)	16	
HYPOTHYROIDISM, common, is? (ed) ..	3	
	I	
INFANT feeding	3	
INFECTED patient, the family and the (pp)	1	
INTERVERTEBRAL DISC, the patient with a protruded (pp)	3	
locating the position of (pp)	9	
INTRAVENOUS procaine for painful	9	

conditions (tt)	17
INTUSSUSCEPTION of ileum (the "acute abdomen")	7
IRITIS, inflamed eyes (dp)	10
IVY poisoning	16
K	
KARNAKY, K. J.—New methods of con- trolling side reactions from stil- bestrol	14
KEROSENE poisoning (pp)	17
KNEE injuries (tt)	17
L	
LABOR (see page 7)	
false (dp)	6
prolonged (pp)	17
LEVITIN, J., M.D.—X-ray examination in the acute abdomen	4
LEWI, Wm. Grant—Acth and cortisone	17
LOOKING frankly at ourselves (ed)	10
LUMBAGO vs. rheumatoid spondylitis (dp)	
LUMPS after procaine penicillin (pp)	3
LYMPHADENITIS, acute (pp)	15
LYMPH NODE (biopsy) (pp)	15
M	
MALPRACTICE insurance, true (ed)	10
suits, prevention of (pp)	11
MARIN, R. B.—The awareness of responsibility (ed)	12
MASTOIDITIS, subacute, in children (tt)	17
MEDICAL MEETINGS (ed)	4
MEGACOLON, spinal anesthesia for (tt)	13
MEDELSON, R. W., M.D.—The diagnosis of amebiasis	8
MENINGITIS, the possible case of (pp)	7
MENTAL confusion (see page 16)	
disturbance (dp)	12
METABOLISM (see page 23)	
MICROWAVE therapy (tt)	1
MONONUCLEOSIS, infectious (ds)	21
MORTON, J. H., M.D.—Estrogen hor- mone creams	5
MUMPS, preventing orchitis (tt)	1
MUSCLE weakness (pp)	5
MYOCARDIAL INFARCTION (ts)	23
MYOCARDITIS in infectious diseases (dp)	
MYXEDEMA (see page 24)	
N	
NECK pain (pp)	7
NEPHRITIS (ts)	22
CUT nerves (tt)	17
NEUROSI, when to suspect a (ed)	10
NEWBORN, respiration in the (d)	1
O	
OBESITY.—S. B. Schmidt	6
OBSTETRICS, prophylactic penicillin in (Notes from the 1949 AMA Meet- ing)—R. L. Gorrell	12
OSTEITIS versus sarcoma	12
OSTEOARTHRITIS versus rheumatoid arthritis (notes from the 1949 AMA Meeting)—R. L. Gorrell	12
OSTEOCLASTOMA.—J. F. Brailsford, M.D.	
OTITIS MEDIA, treatment of, in children (tt)	7
OVULATION pain (tt)	10
OZENA (tt)	17

INDEX

	Page		Page
P		SIDE REACTIONS from stilbestrol, new methods of controlling.—K. J. Kar-naky, M.D.	146
PAIN, abdominal, and rectal bleeding (dp) ..	16	SKIN LESIONS, undiagnosed (dp)	139
epigastric, increased by exertion (tt) ..	17	SOCIALIZED MEDICINE, England's (ed) ..	45
in the chest (pp)	38	SORE THROAT (diagnostic error)	33
joint, following injections (pp)	77	persistent (dp)	120
tension (notes from the 1949 AMA Meet-ing)—R. L. Gorrell	6	undiagnosed (dp)	177
neck (pp)	76	SPLINTER, removal of, under nail (pp) ..	97
PALSY, ocular, facial or (dp)	139	SPRAINED THUMB (tt)	179
PARALYTIC ileus (see page 151)		STANTON, Frank D.—Abscess, fistula and the anococcygeal triangle	165
PEDIATRIC surgery (the child as a surgical problem).—R. L. Gorrell, M.D.	107	STERILIZE your instruments (ed)	2
PELVIC surgery, harmful effect of (pp) ..	15	STUDY, postgraduate, in your office (ed) ..	106
PENICILLIN aerosol (tt)	78	SUTURING wounds (pp)	15
reactions to (tt)	60	SWANKER, W. A., Sheehan, J. E.—Con-tinuous epithelization in large de-nuded areas	3
PERITONEAL infection (see page 48)		SYDENHAM'S chorea (dp)	217
PLACENTA PREVIA, fundal cesarian for (tt)	17	SYPHILLIS, cardiovascular.—G. Flaum, M.D., E. W. Thomas, M.D.	212
PNEUMONIA in older persons (dp)	79	diagnosis of, in general practice (ed) ..	22
virus, cancer or (pp)	137	T	
POLIOMYELITIS, hyphohydration for (cn) ..	8	THIAMINE (Vitamin B ₁), intravenous, death following (pp)	77
POLYNEURITIS complicating typhoid fever with unusual localizations.—A. Gordon, M.D.	213	THUMB flexion in infants (dp)	160
PORPHYRIA, acute (dp)	177	TIBIAL veins, dilated (dp)	16
PREGNANCY, ectopic, missing an (ed) ..	1	TINNITUS (dp)	176
in the forties (pp)	33	treatment of (tt)	119
toxemia (tt)	178	TIRED, nervous patient, a (pp)	37, 76
PREMENSTRUAL tension (pp)	173	patient of fifty (pp)	57
PROPYLTHIOURACIL for angina pectoris (tt)	178	of pernicious anemia, present day (pp) ..	11
PROSTATE gland, enlarged (pp)	137	TUBERCULIN TESTS, routine (pp)	37
PRURITUS ANI, neurogenic (dp)	139	TUBERCULOSIS (ds)	220
PSYCHOSIS, overlooking the very early patient with (pp)	116	histoplasmosis vs (cn)	66
		skin (ts)	222
Q		treatment of, and its prevention.—W. L. Frazier	27
QUINIDINE sulfate (ts)	223	ventilatory function in (pp)	175
R		TULAREMIA, streptomycin (tt)	138
RADIATION therapy (tt)	179	glomus (pp)	175
RAYNAUD'S disease, local nitroglycerine for (tt)	138	TUMOR, brain (ds)	219
RECTAL BLEEDING, abdominal pain and (dp)	16	U	
symptoms, undiagnosed (dp)	100	ULCER, peptic (ts)	222
REDUCING COMPOUND (new) (see page 71)		peptic, diagnosis of (pp)	56
RENAL disease, digestive upset due to (dp)	100	UNDULANT fever, treatment of, with small transfusions (tt)	179
insufficiency, acute, treatment of (tt) ..	78	UTERINE bleeding (dp)	139
RESPIRATION in the newborn (dp)	16	differentiating bladder and (tt)	180
RHEUMATIC fever vs. rheumatoid arthritis (dp)	16	URINARY infection (tt)	180
RHEUMATOID arthritis, osteoarthritis versus (Notes from the 1949 AMA Meeting)—R. L. Gorrell	6	V	
arthritis, treatment with cortisone and acth (ed)	145	VARICOSE veins, unsuccessful injection of (tt)	138
RUTIN (pp)	173	VENIPUNCTURE, easy (dp)	39
S		VERTIGO, acute, treatment of, with sympathetic block (tt)	119
SARCOMA.—J. F. Brailsford, M.D.	67	VIRUS diseases in practice (pp)	174
osteitis versus	133	stomatitis (pp)	174
SCABIES, diagnosis of (dp)	61	VITAMIN E therapy.—Marcus T. Block, M.D.	112
furuncles due to (dp)	61	VOLKMANN'S contracture (pp)	13
treatment of (tt)	179	VOMITING in children (dp)	177
SCHMIDT, S. G.—Treatment of obesity ..	69	VULVOVAGINITIS, SENILE (see page 51)	
SCLEROSIS, multiple, diagnosis of (dp) (pp)	120, 96	W	
SEX (educating your patient)	36	WRIST injury with swelling (tt)	178
SHEEHAN, J. E., Swanker, W. A.—Con-tinuous epithelization in large de-nuded areas	3	X	

XANTHOMATOSIS (see page 25)
X-RAY examination in the acute ab-domen.—J. Levitin, M.D. 47
